

## PROGRESSIVE MASTER'S DEGREE PROGRAM COURSE PLAN

USC SCHOOL	Alfred E. Mann School of Pharmacy and Pharmaceutical Sciences	
ACADEMIC DEPARTMENT	Regulatory and Quality Sciences	
GRADUATE PROGRAM	Master of Science in Management of Drug Development	
POST CODE	1457	
TERM EFFECTIVE DATE	Spring 2021	

### **PROGRAM DESCRIPTION**

A brief description of the graduate program.

The STEM designated Management of Drug Development program is designed for students with a background in preclinical biological and pharmaceutical science. It aims at producing entry- and mid-level scientists with the knowledge and skills appropriate for professional practice in translational research, with particular emphasis on the area of transition between early stage preclinical drug discovery and clinical drug development. This area, commonly referred to as the "valley of death," represents one of the most challenging and important areas in translational research, yet programs designed to train and educate future translational science leaders are lacking.

### **COMMON BACHELOR DEGREE PROGRAM PATHWAYS**

A list of common bachelor's degrees that undergraduate students pursue in advance of pursuing a progressive degree option with this graduate program. Some programs are restricted to certain majors while others are open to all students.

Open to all majors; Basic Biology and Chemistry knowledge preferred.	

#### PREPARATORY UNDERGRADUATE COURSES

A list of courses at the undergraduate level that prepare students for the graduate program. Required coursework is listed first, followed by recommended courses. If not applicable, this section will be blank.

## PROGRESSIVE MASTER'S DEGREE PROGRAM COURSE PLAN

### **UNDERGRADUATE COURSES USED TO REDUCE GRADUATE LEVEL UNITS**

A list of undergraduate level courses that may be used to reduce the number of graduate level units required for the graduate program. If there are none, that is specified instead.

Dept. Prefix - Course #	Course Title	Units

### **CORE GRADUATE PROGRAM REQUIREMENTS (# units required)**

A list of all required graduate courses for the graduate program. None of these courses may be used toward satisfying undergraduate degree requirements.

If special exceptions for any of these courses are made by the academic department, the course # is marked with an asterisk (\*) and the exception is explained in the "Department Notes" section at the end of this course plan template.
