

# AEA Navigation Guide

## Do I have to register for a discussion/lab/quiz or just the lecture?

On Web Registration, you will find important class details below each class title, including the “Type” or format of the course.

If multiple “Types” are listed, such as lecture, discussion, lab and/or quiz, you will need to register for one of each type to be fully registered in the course.

### 1 Log-in to my.USC.edu

- Select “Web Registration.”
- Select the applicable semester and review the acknowledgements.

The course offerings are categorized by school and General Education (GE) requirements.

### 2 Search for the academic discipline in the search bar, or select the category of interest such as “GE requirements for Students Beginning College in Fall 2015 or later.”

#### Fall 2025 Classes

  

- > Dornsife College of Letters, Arts and Sciences
- > Leventhal School of Accounting
- > Architecture
- > Arts, Technology and the Business of Innovation
- > Marshall School of Business
- > Bovard College

- > Ostrow School of Dentistry
- > Drama
- > Rossier School of Education
- > Viterbi School of Engineering
- > Roski School of Art and Design
- > GE Requirements for Students Beginning College Before Fall 2015
- > GE Requirements for Students Beginning College in Fall 2015 or Later

# AEA Navigation Guide

- 3** To add classes for registration:
- Select one of each type (lecture discussion, lab and/or quiz) to “Add to myCoursebin.”
  - When selecting types, ensure the section is open. If a section is **“Closed”** you will not be able to register.
  - Ensure that you select types that correspond with the lecture, as select courses list their lectures as bundles followed by linked discussion, lab and/or quiz options.

▼ BISC-101 Lxg: Cellular and Molecular Biology

Cellular and molecular biology with examples related to human biology and diseases. Fundamental life processes examined at the genetic, cellular and molecular levels. NOTE: Register for lecture and one lab

Section	Session	Type	Units	Registered	Time	Days	Instructor	Location	
13102 R	001	Lecture	4.0	59 of 60	08:30am-09:50am	WF	Ghittoni, Raffaella	ZHS159	Add to Course Bin
13103 R	001	Lab	0.0	Closed	10:00am-11:50am	W		ZHS258	Add to myCourseBin
13117 R	001	Lab	0.0	19 of 20	01:00pm-02:50pm	W		ZHS258	Add to myCourseBin
13105 R	001	Lab	0.0	Closed	10:00am-11:50am	F		ZHS258	Add to myCourseBin

- 4** Crosscheck your course selections:
- Select "myCourseBin" to review the courses that you selected.
  - Check your "myCalendar" to ensure that you do not have any course conflicts. If there is a conflict, “unschedule” the conflicting course from your calendar by selecting the “X” or select “Unschedule” in myCoursebin.

- 5** Once you have added all courses and addressed all registration considerations, select the "Checkout" button, review the registration summary page, and select "Submit" to register for your courses.
