USC Progressive Degree Program

Enter all remaining requirements for the bachelor's degree and all master's degree requirements chosen in consultation with the graduate advisor. This information will be used to create your master's program STARS report if your application is accepted. In addition to the master's courses identified on the course plan, all other requirements for Master's degree completion must be satisfied/waived on the STARS report. Submit this application to the graduate department with supplemental materials as required for admission.

Proposed Course Plan

List courses and units to be taken to fulfill all remaining degree requirements on your STARS Report at the time of application. <u>Exact</u> courses must be listed for each master's core requirement; electives may be listed as "graduate degree elective". Elective coursework can be decided later by the student with approval from their graduate program advisor.

- Begin with the current semester. If this is a revised course plan, begin with the term in which the first master's course was or will be completed.
- Check "UG" for courses to be taken to fulfill bachelor's requirements; check "GR" for courses to be taken for the master's degree.

 Only ONE box (UG or GR) should be checked for each course.
- The Proposed Course Plan must be agreed upon and approved by the student, and both the Undergraduate and Master's Departments
